Re: M of E Rolling Stock Support Equipment - Gear Box Parts Washer

Dear Mr. Sanchez:

This letter is to advise you of the intention of the Long Island Rail Road (“LIRR” or “Carrier”) to purchase Gear Box Parts Washers and have the third party vendor furnish, deliver, assemble and provide on-site training on this equipment in support of the Carrier’s Rolling Stock Support Equipment (“RSSE”) program. The Carrier plans to have force account labor provide the utility connections and final tie-ins to this new equipment. The work that is intended to be contracted out and the Division of Labor for this project is enclosed to this letter under separate cover.

We do not believe this is a violation of the Scope Rule of the Agreement and hereby provide you this information and notification for awareness.

If you would like to discuss this project further, please contact the undersigned within ten (10) days of receipt of this letter. If we do not receive a response within this time frame, we will consider it as the Organization’s concurrence and this matter as closed.

Very truly yours,

A handwritten signature in black ink that reads 'Kelli Coughlin'.

Kelli Coughlin
Deputy Chief Labor Relations Officer
