Ricardo Sanchez, General Chairman International Brotherhood of Electrical Workers – Local 589 38B Church Street Patchogue, NY 11772

Re: PNUO Yaphank Station

Dear Mr. Sanchez:

This letter is to advise you of the intention of the Long Island Rail Road ("LIRR" or "Carrier") to utilize a third party contractor for the above-referenced project. The work intended to be contracted out and the Division of Labor, including designations of LIRR force account involvement, for this project is enclosed to this letter under separate cover.

Please be advised that the Carrier requires use of third-party contractors to perform the full scope of the construction work at Yaphank Station. The Carrier does not have the necessary equipment required for the full scope of the project nor the personnel to perform such work needed for timely and efficient completion. We do not believe this is a violation of the Scope Rule of the Agreement and hereby provide you this information and notification for awareness.

If you would like to discuss this project further, please contact the undersigned within ten (10) days of receipt of this letter.

Very truly yours,

Kelli Coughlin

Deputy Chief Labor Relations Officer

elli Coughlin

Enclosure
